

Convoy Protest CCG Meeting Minutes

Attendees: Jason Reynar, Chief Laforet, James Chacko, Chris Nepszy, Joe Mancina, Vincenza Mihalo, Jason Moore, Chief Mizuno, Deputy Bellaire, Deputy Wilker, Dave Melnyk, Phong Nguy, Andrew Teliszewsky, Tyson Cragg, Norm Synnott, Mary Rodgers, Jill Braidon, Matt D'Asti, Alena Sleziak, Ryan Lemay, Carolyn Brown, Drew Dilkens, Susanne Hutnik

- Jason R to Chief Mizuno: Thank you from the city for all your help over the last few days. This has been an incredible task. The bridge and Huron Church are now open and they are executing the traffic strategy to maintain them being open. There is always a risk for a resurgence.
- Deputy Bellaire: Still maintaining the road closures east/west and they are going to be maintained. We want to open traffic in a more fluid way but that will not happen today or tomorrow.
- Chief Mizuno: It is a challenge for the residents but unfortunately, it is unavoidable right now and it is continually being re-assessed. It is to stay in place until we are more confident.
- Jason R: If possible, could there be a high level meeting today or tomorrow between the city and police so we can transition and support it on a political side? Part is us pushing with the province on a long term resource request. Our team is to schedule it. Reach out to Mel today or tomorrow to schedule.
- Chris: Preparing the signage plan to buffer those zones and the injunction signage. Please communicate changes with respect to College Ave. for access and egress. Who is the point person to facilitate those? Is it Jamie or Inspector Johnson?
- Deputy Bellaire: Can you put someone out at the EOC? It is difficult for the command team to provide updates otherwise. No significant changes for the rest of this week. We still have a serious security problem. I will be there at the EOC later.
- Chris: Adding signage on Ojibway and on Dougal Ave. Trying to push the message out to alleviate congestion on EC Row.

- 
- 
- Chris: Flashing red is working ok. Turned off red light cameras. It is now more of a rolling red. Dropping speed limit to 30km/hr. Things to be handled on a case by case basis.

- 
- Chris: Managing through some concrete barriers being adjusted. Buses are 7-7 and have not heard of any issues.
 - Phong: Detective Johnson for LED message board on EC Row. Working with MTO and getting proper authority for signage on east/west off ramp.
 - Chris: Confirmation that the signs are going up as we speak.
 - Jason M: Continuing to share the police messaging by amplifying it.
 - Andrew: We were contacted by the feds as there may be a cabinet minister visiting this week regarding this event. They asked would it be inappropriate to visit the EOC to give thanks and get a feeling for what they are dealing with?
 - Chief Mizuno: That visit has been cancelled. EOC is only for personnel who are involved in the event and not open to anybody else.
 - Deputy Bellaire: Today's visit was cancelled. Can we talk later?

- 
- Andrew: Yes.
 - Jason R: We would be happy to find another place to take the minister.
 - Ryan: Stable and reduced dedicated people to that site.

Chief Laforet adjourned the meeting at 0950 hours.
